

Orthopedic Technician

As an Orthopedic Technician, you will be trained to care for patients with conditions of the bones and joints. An Orthopedic Technician works in such settings as an orthopedic clinic or the hospital emergency room applying casts and splints. This course combines 182-hours of classroom instruction with a 240-hour externship to provide you with a complete learning experience.

Community Job Survey: Health services is one of the largest industries in the country, with about 11.3 million jobs, including the self-employed. About 14 percent of all wage and salary jobs created between 1998 and 2008 will be in health services. **Recognition:** Certificate of Completion upon graduation. Graduates will be prepared to take the National Association of Orthopedic Technologists, (NAOT) Certification Examination after twelve months experience.
